## Moody Park

---

Balance of cash on hand Jan. 31, 1928	\$	5 17
Received appropriation from Town for 1928		1,500 00
		<hr/>
	\$	1,505 17

### *Dr.*

To cash paid Baker and others for		
labor	\$	1,476 07
To cash paid for supplies		29 10
		<hr/>
	\$	1,505 17

The past year the appropriation was used entirely in taking care of the roadway and in mowing the grass and cutting out underbrush.

Additional work along this line would still further improve the looks of the Park and the Commission would like two thousand dollars for this purpose. In addition we should have a fence along Maple Avenue and a tablet at the entrance to indicate the name of the Park and the giver and also with the increase in the number of people coming to the Park we should have additional swings and seats. This expense would be a thousand dollars or a total of three thousand dollars.

This last year the Woman's Relief Corps gave a handsome flag for the Park.

## REPORT OF COMMITTEE APPOINTED TO INVESTIGATE WATER RATES

The Committee appointed by order of the Town Meeting of 1928, submits the following report:—

In the years prior to 1923, the Water Works showed a profit. In the years 1923, 1924, and 1925, when the White Water Brook Reservoir, the Mulberry Street and West Claremont extensions were built, large outlays were made.

The interest and bond payment charges have caused an annual loss as follows:—

1925 loss	\$ 19,455 00
1926 loss	11,965 00
1927 loss	12,320 00
1928 loss	3,408 00

It is estimated that there will be a gradual increase in gross earnings, due to increased service.

A decrease in expense is expected due to reduction in interest charges, as bonds are paid off.

This will result in wiping out the annual operating loss, and turning it into a profit.

### CAPITAL ACCOUNT ON JANUARY 1, 1929

Outstanding Bonds	\$264,720 00
Paid by Town	45,474 00
	<hr/>
Total net cost	\$310,194 00

The Taxpayers of the Town have spent \$45,474 00 for Water Works Plant.

It is recommended that the Water Works be charged with 4 per cent interest on this amount, and on the further amounts paid to meet the operating loss.

It is estimated that approximately \$15,000 00 will be required from general taxation to meet these charges up to 1934, when the operating statement should begin to show a gain instead of a loss.

The Taxpayers will have at that time approximately \$60,000 00 invested in the Water Works.

The foregoing estimate is based on strict adherence to the rule, that no extensions will be made unless a revenue of 8 per cent is guaranteed.

ON THIS CONDITION, THE COMMITTEE RECOMMENDS THAT NO CHANGE BE MADE IN THE PRESENT WATER RATES.

ANY DEPARTURE FROM THE 8 PER CENT RULE, MUST RESULT IN INCREASED TAXES OR INCREASED WATER RATES.

Owing to the present system of mingling the finances of the Water Works and Town, the operating loss or profit of the Water Works is not easily ascertained nor clear to the Voters.

The Committee therefore recommends complete separation of accounting and financing of the Water Works from the Town.

The number of books circulated\* during the year 1928 was 64,194, an average of 211 books a day for the 304 days that the library was open. This includes the books circulated by Miss Garey at the Sullivan Machinery Company. The increase is especially noticeable in the juvenile department. 1055 books have been added, 300 of which were given.

Although there is space for little more than the names of givers there are some gifts of which special mention should be made. We are indebted to Miss Abbie J. Field for the History of New Hampshire by Pillsbury; to Mr. George B. Upham for \$50.00 for the Historical Room; to Miss Susie Whitcomb of Ascutney and Springfield, for \$10.00 for the Historical Room; to Mr. Herman Shedd of Boston for 100 volumes from his musical library, which when accessible to the public will be very useful to music students; to Mrs. Harriet Rossiter for the statue of Cupid and Psyche after Canova, given in memory of her mother; to Miss Ellen Snow of Hartford, Conn., for a painting of Franklin Pierce by Miss Fanny Way. About 175 volumes of books for our youngest readers have been given by Mrs. Mary S. Ide, Miss Gertrude Hart and the School office.

Other gifts which are not less appreciated have come from Mrs. Elmer Cole; Miss Clara Knights; Mrs. Esther Chellis; Mrs. Clara George; Miss Joy Summers; Mrs. Kate Costello; Mrs. Clara Rice; Mr. J. W. Kirby; Mrs. D. B. Fleming, Ascutney, Vt.; Miss M. E. Partridge; Miss Sarah Gilmore; Mrs. Bessie Whipple; Miss Eliza Dole; Mr. Irving Story; Miss Katherine L. Mathews, Cleveland, Ohio; Mrs. A. J. Edson; Miss Fanny Judkins; Mr. E. L. Elliott; Knights of Columbus; Mrs. F. C. Wood; Mr. Edmund C. Barton; Claremont Philatelic Society.

Two new magazines have been added by gift: the "Commonweal" given by Miss Fanny Judkins and "Columbia" given by the Knights of Columbus.

We are grateful to the local papers for the printing of lists and library notes.

Children's Book Week was observed by a Poster contest and a book exhibit both of which attracted much attention. Prizes

were given for the three best posters.

There is a great interest in the Historical Room. No record has been kept of visitors but it is safe to say that the number is large.

The library has cooperated with the schools by aiding in the making of lists and in book selection.

The library and the town have suffered a loss in the resignation, early in the year, on account of ill health, of Mrs. Mary S. Ide, librarian for nearly twenty-five years. That the library is today a force in the community is due to her untiring work. Miss Sarah Gilmore is the Acting Librarian.  
January 31, 1929.

## Chief Engineer's Report

---

*To the Board of Selectmen:—*

Both bell alarms and still calls during the year ending January 31, 1929, showed an increase over the number recorded for the previous year. Twenty-one bell alarms were answered during the year and 183 still calls for a total of 204 summons to which the fire department responded. Many of the still calls represented fires which but for prompt notification of the department and equally prompt response would have developed into disastrous conflagrations requiring a general alarm. Timely discovery of these incipient blazes has served to minimize the annual fire loss, while the assistance of the telephone office in handling emergency calls has also proved an important factor.

The twenty-one bell alarms for the year were as follows:

Feb. 13—Box 8, 12:55 p. m., Boston & Maine wreck, Balloch's Crossing.

Mar. 5—Box 14, 8:05 p. m., Monadnock Mills house, 2 Broad street.

Mar. 14—Box 22, 11:45 p. m., Claremont Waste Co., 169 Main street.

Mar. 26—Box 13, 8:45 a. m., Mason house, 137 Broad street.

Apr. 9—Box 43, 7:40 a. m., Heyer house, Charlestown road.

May 10—Box 29, 12:55 a. m., Hart house, Green street.

June 26—Box 49, 2:40 p. m., Claremont Dry Cleaning Co., Maple avenue.

July 24—Box 22, 9:50 a. m., Automobile fire, Factory street.

July 29—Box 17, 3:55 a. m., Automobile fire, 182 Pleasant

street.

July 31—Box 32, 10:30 a. m., Gonyea garage, Washington street.

Aug. 12—Box 14, 3:20 a. m. Laskey house, 29½ Hanover street.

Oct. 4—Box 22, 12:10 p. m., Courtemanche house, Main street.

Oct. 13—Box 8, 2:18 p. m., Upham house, West Claremont.

Oct. 31—Box 47, 2:15 p. m., Gaudreau Bros., North street.

Nov. 5—Box 47, 3:50 a. m., Ricci house, 59 Elm street.

Nov. 18—Box 8, 9:05 a. m., Coles shed, West Claremont.

Dec. 1—Box 37, 10:20 p. m., Gardner garage, Wall street.

Dec. 6—Box 22, 8:50 p. m., Claremont Waste Co., Main street.

Dec. 27—Box 23, 9:20 a. m., Sullivan Machinery house, River street.

Dec. 30—Box 8, 12:20 a. m., Brock house, Puckershire.

Jan. 20—Box 54, 11:55 p. m., McCusker Bros. garage, Main street.

The report of all brush and woodland fires will be found under the Forest Fire Warden's report.

## HYDRANTS

Installation of one new hydrant has been made during the past year. located at the corner of Myrtle and Oak streets. Hydrant installations are considered as economies not only in serving to lessen the annual fire loss but also in reducing the amount of hose needed for satisfactory protection, particularly in sections not adequately covered by sufficient water outlets.

## FIRE ALARM SYSTEM

Addition of three new fire alarm boxes is expected to prove of valuable assistance in the protection of outlying sections. One

of these, Box 64, has already been installed at Beauregard Village off lower Main street. Poles are being set on Washington street and the other two installations are to be made shortly.

## RECOMMENDATIONS

I have no recommendations to make this year for the purchase of additional apparatus or equipment. The Claremont Fire Department is adequately manned and equipped at present to afford ample protection to the town against serious fire losses, and I believe the record of the past year and of other years shows this to be a fact. I would suggest, however, that every citizen become informed as to the location of the nearest fire alarm box, especially factory watchmen and others to whom such information may prove vital. I would suggest also that the telephone number of the Central Fire Station be either memorized or placed conspicuously near all telephones. Moments are precious at the start of any fire, and time saved by the department in reaching the scene of the blaze is often invaluable.

## REMARKS

I cannot praise too highly the faithfulness and energy of all members of the Department in responding to demands made upon them for service in emergencies at a moment's notice. Officers and men alike are worthy of the highest tribute which I am able to pay, and I am sure that the citizens of Claremont are equally appreciative of their services. I wish also to thank the Police Department, the telephone operators, the fire police, and the townspeople in general for their cooperation at all times.

C. E. SEARS, *Chief Engineer.*

## Report of Health Officer

---

*To the Honorable Board of Selectmen:—*

I herewith submit the following report of the health department of the town of Claremont for the year ending January 31st, 1929.

The past year has been free from any epidemic, with a smaller number of contagious diseases than in previous years and the most of those that did occur were of a mild form.

On every case of contagious disease reported, effort has been made to trace its origin, and an effective quarantine maintained whenever necessary.

A total of one hundred and eighty-seven cases of communicable diseases were reported, as follows:

Name of Disease	No. Cases
Chicken Pox	15
Diphtheria	22
Influenza	3
Measles	16
Mumps	1
Pneumonia	17
Scarlet Fever	63
Small Pox	1
Tuberculosis	21
Typhoid Fever	2
Poliomyelitis	1
Whooping Cough	4
Venereal Diseases	22

A well ordered municipal health program should include all educational and preventive measures that deal with and help

to guard the public health. Of these measures health education is probably the most important as well as the most effective in the prevention of epidemics and the reduction of mortality.

Much prevention work is being done here through the agencies of the public health nurse, infant welfare nurse, tuberculosis nurse, school nurse and medical inspection of schools.

The public needs these specialized services and needs to know how thoroughly they are carried out, as it is in this stimulation of public cooperation that the success of any health programs depends.

The Division of Maternity, Infancy and child hygiene, of the State Board of Health under the local supervision of Mrs. Hasham is an important factor in the health program and is deserving of the hearty support of the public. In addition to the regular work of this division the past year, with the assistance of the Mothers' Club and a committee of ladies, of which Mrs. Edgar Lord was general chairman, a successful health conference for children of pre-school age, was held in the Town Hall May 18.

More than one hundred and fifty children were brought in for a thorough physical examination, which was given by local physicians.

This work has a definite educational value, teaching the importance of a yearly health examination, even if you feel quite well.

## TUBERCULOSIS

The following is a report of the work done in Claremont during the year, by the New Hampshire Tuberculosis Association Clinic and Nursing Service, under the supervision of Miss Cluffie M. Gobie, Sullivan County Nurse. The work done by this Association is of inestimable value to the community and to those afflicted with this disease, giving as it does, to every one the benefit of free clinical examinations, conducted by experts, with follow up treatment and advice from the nurse wherever required.

Clinics held	7
Persons examined at clinics	322
New patients examined at clinics	128
New positive cases found	23
New suspicious cases found	24
Patients whose tuberculosis has been arrested	9
Patients re-examined and found improved	131
Patients discharged from clinic apparently cured	13
Patients sent to sanatorium through clinic	7
Positive patients now under supervision	177
Suspicious cases now under supervision	87
Clinic patients who have died	6

## SANITATION

This important division of the health work of the town, which is increasing from year to year, has been given careful attention, with frequent inspections of stores, markets, bakeries, restaurants and all other places where foods and food products are handled and sold.

In most instances, little fault can be found regarding the sanitary conditions and handling of food stuffs in the stores of Claremont and a general cooperation on the part of the proprietors in complying with the pure food laws is in evidence.

Inspection of the Tyler and Grannis water systems has been made several times and samples of the water therefrom sent to the State Laboratory for analysis.

One hundred and seventy complaints were received by this department, regarding various nuisances during the year, all of which were investigated and disposed of. A large percentage of these complaints were pertaining to the improper disposal of rubbish and waste material.

This habit of throwing papers, boxes, cans and other unsightly substances, on vacant lots or near the highway and other public places, is most reprehensible as well as a direct violation of the law. Such places are unsightly in appearance and a distinct menace to health, affording, as all such places do, a breeding ground for flies, mosquitoes and other vermin, all of which are recognized carriers of disease.

A little more consideration and thoughtfulness on the part of each individual would do much toward the abatement of such nuisances, thereby adding to the attractiveness of our town.

The town maintains a public dump where all rubbish and waste material should be deposited and it is not asking too much of every citizen and property owner to make a personal effort to see that all the waste material from the home is carried to the public dump and not allow an accumulation of such rubbish on your premises, thereby helping to make a more attractive, better and healthier town in which to live?

Respectfully submitted,

WILLIAM P. PRESCOTT,

*Health Officer.*

## American Red Cross

---

During 1928 the total number of home visits made were 4047. The visits may be classified as follows:

Medical	1,397
Surgical	491
Communicable	36
Chronic	111
Prenatal	148
Maternity	1,387
Child Welfare	264
Tuberculosis	101
Business	112

The visits were paid for as follows:

Metropolitan Life Insurance Co.	43%
John Hancock Life Insurance Co.	3%
Cash	11%
Free	43%

146 trips were made to the Hospital or physician's office with the car to carry babies or children for treatments.

114 babies were weighed at the Red Cross office.

The eighth class in Home Hygiene and Care of the Sick was begun in September. The classes are weekly and evenings.

Since November the birth certificates have been delivered to the homes from the town clerk's office, by the Red Cross Nurse.

## Report of Milk Inspector

---

*To Selectmen of the Town of Claremont:*

The work of milk inspection in the town has gone on about as usual during the past year.

Three lots of milk have been dumped due to improper handling, one supply was stopped through the duration of an infectious disease in the home of the producer, one other man handled his milk by other methods during a contagious disease in his home, so that to the best of my knowledge no sickness has been caused in Claremont by milk.

Cattle have been watched carefully for udder troubles and milk producers warned to be on the lookout so that we would not have such an epidemic as occurred in Massachusetts last year.

Milk samples have been sent to the State Laboratory and with very few exceptions reports have been better than ever and the exceptions have been correctd.

Cattle producing milk for Claremont have been tuberculine tested during the past year and diseased cattle slaughtered.

Cooperation from the producers has been exceptionally good this past year. All seem interested in producing a better grade of milk.

Respectfully submitted,

L. R. HAUBRICH, V. M. D.,

# Report of Building Inspector

For the Year Ending Dec. 31, 1928

---

*To the Honorable Board of Selectmen:*

More than one half million dollars was spent in new buildings and building improvements in the thickly settled portion of Claremont in the year ending Dec. 31, 1928.

Approximately 6,600 square feet of floor space has been added to new modern stores. The larger new buildings include the Latchis business block and theatre combined, the latter having a seating capacity of 1,200; The Eagle Press; Howe's Garage; Foster Beef Co.; Colonial extension and alterations; Winner Garage; the opening of Kukkola and Jaatinen Garage; New warehouse with floor space of 3,600 square feet. New firms are the Loose Wiles Co., occupying floor space of 2,700 square feet; The Foster Beef Co. in new building 46 x 50 feet; The Brandenburg Motor Co. There has been a number of substantial improvements in private homes, with new porches, etc., also a number of from 1 to 8 car garages. Extensive alterations have also been made in several business blocks.

There has been a tendency to better construction of buildings in past year. Of these special mention should be made of Latchis Block, Howe's Garage, Eagle Press and Foster Beef Co.

New Houses:

4 apartment	2
Single houses	12

Remodeling:

Change from 4 to 8 tenements	1
Change from 2 to 4 tenements	1
Change from 1 to 2 tenements	4

3 and 4 room apartments	18
New modern stores	7
New offices	14
Increase in number of tenements	37

Since my appointment as Building Inspector in 1924, there has been an increase of 200 tenements. The largest number being in 1926, namely 73, and the smallest in 1924, there being an increase of only 17 that year.

Respectfully submitted,

FRED B. WAITE,  
*Building Inspector.*

## State Forester's Report

---

*To the Chairman, Board of Selectmen,  
Claremont, N. H.*

Dear Sir:—

In accordance with the terms of an agreement executed between the town of Claremont and the New Hampshire Forestry Commission, we are submitting a report of White Pine Blister Rust Control work performed in your town during 1928.

Last March at town meeting 75 towns voted \$26,300 for White Pine Blister Rust Control, in cooperation with the State Forestry Department. The authorities of four cities approved appropriations totaling \$2,400 and in addition three cities made available \$600 for the protection of the white pine around their water supply. Thirty-seven owners of white pine, including individuals and lumber companies put up about \$6,000 for control work upon their own lands.

We are submitting herewith a financial report indicating the expenditures made by both town and state in your town, together with the acreage covered and currant and gooseberry bushes located and destroyed. Had it not been for an unusually rainy season no doubt a larger acreage would have been put under control. If there are any other facts pertaining to this work not contained in this report, we shall be glad to advise you upon request.

Respectfully yours,

J. H. FOSTER, *State Forester.*
